

Looking for AA members who would like to cooperate with the professional community...

Offer service by escorting a professional to an open AA meeting in your local area.

The CPC committee will receive contact information from an interested professional in the field of health care, law enforcement, clergy, etc.

Then we will reach out to an AA member in their neighboring area...

The service requires that the AA become acquainted with pamphlets that discuss how to talk about Alcoholics Anonymous to non AAs and then arrange to attend a meeting with the professional.

Check out our page on the Suffolk General Service website:
