## **E. Rules of Order**

Suffolk General Service follows a loose knit version of Roberts Rules of Order. Courtesy suggests a member raise his/her hand and wait for the chair running the meeting to recognize them before they take the floor to speak. There are acceptable and expected exceptions to this. The following is a guide to help maintain healthy participation and understanding of the flow of the meeting.

### **1. Voting & Motions**

#### **a. Voting**

- i. Voting rights shall be as follows: all Officers (except the DCMC \*\*), Standing Committee Chairs, DCMs and GSRs shall have a vote. Alternate DCMs and GSRs will only have a vote if their Principals are not present. No votes will be permitted or accepted by proxy.
- ii. \*\* The DCMC may vote in the event of a tie, either simple majority or 2/3 majority. The DCMC may also vote in the County Elections.
- iii. A vote on the question is taken after sufficient discussion. The chair or the recording secretary reads the motion before the vote so the meeting is clear on the question. Whatever the basis for decision, the chair should assure the body is clear on the method for decision before the vote (i.e. simple majority or substantial majority). Except in the election of officers, the vote is by a show of hands. "Yes" votes, "No" votes and "Abstentions" are each counted for the record, but only Yes or No votes count toward the outcome on the question.
- iv. Any question on the floor that is determined to be procedural (procedure) will be decided by simple majority. Any question on the floor to create new group conscience (policy) and not affecting established group conscience, shall require a simple majority. Questions on the floor for a vote of established group conscience will be decided on the basis of a substantial majority (2/3 majority). Abstentions are not considered (counted) toward the decision, but may be recorded for the record.

#### **b. Motions**

- i. **Definition-** A **motion** is a formal proposal by a member that the group take a certain action. A motion brings business before the meeting. Good motions are simple, clearly stated. Compound motions, those with sub-sections, are allowed, but may make

discussion and decision making more difficult. The substance of the motion is referred to as the **question** before the body.

A **motion requires a second** in order to be further considered. That is, it needs a second member's agreement that it should be considered. The "second" is simply be called out after the motion is made without waiting to be recognized by the chair.

The right to make or second a Motion accrues to all voting members on hand; thus the same protocols follow as in the above voting rights. No motions will be brought to the floor by proxy.

- ii. **Amendments to Motions-** Motions may be changed before they go to a vote. An amendment to a motion on the floor must be germane to the motion (that is, involve the same question). Amendment requires a specifically worded motion saying exactly how the motion in question is to be reworded (amended). A motion to amend must be seconded, then may move to discussion and vote. A simple majority decides. If approved, the amended motion is restated by the chair, and debate on the motion as amended moves on.
- iii. **Discussion of Motion/Question-** Debate is the discussion of the question. It is suggested members limit their comments on a question to two minutes and to not speak a second time until those who wish to have been able to speak a first time. The chair may suggest the closing of debate to move the meeting along once it appears the meeting has had its say. Some procedural motions (see below) are not debatable, but simply move to a vote if seconded.
- iv. **Motion to Call the Question-** A motion to call the question asks that debate be halted while the meeting decides to proceed to the vote on the question or not. The chair may disallow such a motion if it appears premature. After a second, the motion is not debatable and requires a 2/3 vote to pass.
- v. **Motion to Table-** A motion to table or to lay on the table a motion asks the meeting to **postpone** further discussion of the question to an unspecified later time. After a second, the motion is not debatable and requires a simple majority to pass. To later consider the tabled motion, a motion to take the motion from the table must be made and seconded. It is not debatable, and Is passed by a simple majority.
- vi. **Motion to Postpone-** A motion to postpone asks the meeting to **postpone** further discussion of the question to a specified time. After a second, the motion is not debatable and requires a simple majority to pass. The motion to postpone will be revisited at the time specified as old business.
- vii. **Minority Opinion-** After a vote, a minority opinion, additional sharing from a member who voted on the non-prevailing side of the question, is allowed/invited. After hearing the minority opinion or in possession of other new information on the question, a motion for reconsideration may be made by a member who voted on the prevailing side of the question. It may be seconded by any member (either non-prevailing or prevailing side). If adopted after discussion, the meeting returns to the point in procedure Just before the vote on the question and continues.
- viii. **Point of Order-** A Point of Order supersedes a motion and can be called any time a member has reasonable cause to believe the rules of order have not been properly

applied. The member will identify the specific breach of the rules of order to the Chair. An obvious breach of the rules of order can simply be accepted and the proper rules of order applied. If the Chair disagrees with the members Point of Order, the Chair will then refer to the written rules of order and specifically reference the applicable rule and then move forward on the question.

- ix. **Point of Information-** A Point of Information can be made anytime a question is on the floor and request any specific background information about the question on the floor. In this case, the member is just looking for either the question be reread or has a question to clarify the sum and substance of the question. The Chair will move once they feel the Point of Information has been sufficiently provided.

## **II. Elections, County Inventory and Appointments**

### **A. Elected Positions**

1. All officers except the Recording Secretary will be elected by the “Third Legacy Procedure” which is a special electoral procedure considered to be unique to AA. This procedure is detailed in the AA Service Manual.
2. Officers’ elections will be held in October in even numbered years. The meeting will be run by a past officer along with volunteers all of whom are not voting members.
3. Roster of all the eligible candidates shall be provided by the Registrar: The following shall be the Order of Elections:
  - DCMC
  - ADCMC
  - Treasurer
  - Registrar

### **B. Appointed Positions**

All standing and Ad-Hoc Committee Chairs, Liaisons, and the Recording Secretary shall be appointed by the DCMC and approved by the Body via simple majority.

- C. County Inventory-** A SGS County Inventory will be conducted in the month of November in even number years, after SGS County Elections.

## **III. Finances**

Two signatures are required on all checks and authorized signatories should not sign their own checks for reimbursement.

1. The Treasurer in consultation with the DCMC and SGS officers meet annually, usually in December, to plan the SGS budget for the following year.
  - a. Income expectations are based on the current year’s actual income figures projected through the end of the year, and further adjusted as reasonable. Income expectations should be conservative.
  - b. Expense expectations are based on the current year’s actual expense figures projected through the end of the year, and modified to allow for anticipated additional or reduced expenses line by line for the coming year.
  - c. Suggestions from the planning meeting are worked into a balanced budget by the Treasurer for final approval by the SGS body in January’s next rotation.
2. Once the budget is approved, officers and standing committees are expected to work within budget.

3. For unexpected expenses, the officers and standing committee chairs should come to the body to request additional funding before spending money not authorized.
  - a. A request for additional funding should include an explanation where and how any additional funding will be spent.
  - b. Where circumstances reasonably prevent coming to the body for a budget amendment before spending money not authorized, the officer or standing committee chair should come to the body as soon as possible, and certainly before accruing more than petty expenses.
4. Amendments by the body to the budget after initial approval should consider from where any additional funding offered will come. Are income expectations being raised? If so, there should be a justification. Will another budget line be reduced, or is the area prepared to dip into the reserve?
5. Officers and standing committee chairs are expected to travel via the least expensive mode of transportation. Travel expense is reimbursed at 40c per mile plus tolls and parking regardless of the mode of transportation. However, if a more costly mode of transportation is more practical (e.g., air travel or train for great distances) then the cost can be preapproved by the body .
6. Officers and standing committees are funded as follows:
  - a. The DCMC and Alternate DCMC are funded to attend most regional, state and area service meetings. The DCMC and Alternate DCMC are encouraged to alternate attendance at some events where possible.
  - b. No officer is funded to attend any International Event (Convention, Conference, etc.)
  - c. Some standing committee chairs may be funded to attend special events such as the Intergroup Liaison for the Intergroup Seminar, the Corrections Chair for Bridging the Gap and the Archives Chair for the Archives Seminar. These authorizations should be made in advance of the event.
  - d. When considering requesting funding for other special events, is the event a working event for the attendee? Is attendance optional? Are other SGS officers or standing committee chairs already covering the event?
  - e. Separate budget lines are set for the expenses of the Technology Committee and the Website Reserve.
  - f. Ad hoc committees have no budget. Limited funding for these committees is added to the DCMC's budget.
8. Officers and standing committee chairs may use their budgets as needed for service activities in good faith. The DCMC and treasurer may wish to consult with individual officers or standing committee chairs where funding is being exhausted too quickly, or to help plan for unexpected activities. The DCMC and assembly are entitled to question any expenditure. There is budget line for DCM workshops, anything exceeding the budget line must go before the body for approval.
9. Income from the sale of AAWS and Grapevine/LaViña literature by those standing committees as a routine part of their service activity should be returned to the treasurer and not used to reimburse the expenses of those committees or to replace inventory.
10. The Literature and Grapevine/LaViña standing committees should provide the treasurer with an inventory of literature on hand at the beginning of each year.
11. For printing, postage and literature purchases:
  - a. Expenses for printing, postage and literature (not literature expressly purchased for resale by the Literature and Grapevine/LaViña standing committees) will be listed against individual standing committee budget lines.
  - b. SGS level printing and postage expenses for officers are listed against the general printing and postage lines, not the officers' individual budget lines.

12. SGS is exempt from the payment of NYS sales tax. An exempt certificate is available from the chair or treasurer. Purchases made under SGS's exempt certificate may be made only by SGS check or cash, not personal check, credit or debit cards as this may cause the area problems with the State authorities. If needed, advances of funds are available from the treasurer. Please track use of any advanced funds and return receipts for purchases and any unused funds to the treasurer promptly.
13. Officers and standing committees are encouraged to use any accounts designated by the Treasurer when making purchases for SGS. These are not charge accounts. They exempt the purchases from NYS sales tax, and should be used only for SGS (i.e., not for home group, intergroup, district, county or personal use). You will still need to pay for any purchase and be reimbursed later, but SGS will save the sales tax on the purchase. Treasurer has tax exempt forms for purchases made on behalf of the county.
14. By SGS group conscience, SGS maintains a reserve of 50% (6 months) of the annual operating budget. (The prudent reserve was amended at the 3/29/21 SGS meeting.) Funds accumulated in excess of that amount are reviewed for possible area use or redistribution (contribution).
